- Please note, that on the following TV channels of the Swiss cable network the so-called **Schweizer Fenster** (Swiss window) is broadcast: **Kabel 1, PRO7, SAT1, RTL, RTL2, VOX**. On one hand this Swiss window contains programmes of particular Swiss interest, on the other hand the regular programmes can be shown.
- On SWR different regional programmes are broadcast. SUISSIMAGE records the regional programme for Baden-Wuerttemberg.
- On French TV channels regional programmes are broadcast at certain times. However, SUISSIMAGE records the broadcasts of national programmes.
