

Work Registration - Broadcasts 2023
Deadlines and Obligatory Data for Societies
Authors

a) Policy

Generally it is sufficient to register works which you claim for with us. Our deadline is March 31st. Throughout the year we actively check our broadcast records of our relevant Swiss TV channels to locate broadcasts of your works registered in our database.

If you miss the deadline of March 31st you still have the opportunity to register your works until June 30th. In this case however you have to register the broadcasts as well.

b) Deadlines

These deadlines are binding, i.e. work registrations which we receive after this deadline may probably not be considered in the ordinary distributions 2024. Of course, we gladly accept your work registration earlier.
