

## Work Registration - Broadcasts 2024 Deadlines and Obligatory Data for Societies Authors

## a) Policy

Generally it is sufficient to register works which you claim for with us. Our deadline is March 31<sup>st</sup>. Throughout the year we actively check our broadcast records of our relevant Swiss TV channels to locate broadcasts of your works registered in our database.

If you miss the deadline of March 31<sup>st</sup> you still have the opportunity to register your works until June 30<sup>th</sup>. In this case however you have to register the broadcasts as well.

## b) Deadlines

These deadlines are binding, i.e. work registrations which we receive after this deadline may probably not be considered in the ordinary distributions 2025. Of course, we gladly accept your work registration earlier.

Work registrations without broadcast data:	March 31 <sup>st</sup> , 2025
Work registrations including broadcast data:	June 30 <sup>th</sup> , 2025

## c) Obligatory Data

In order to register your repertoire and, later on, to identify the works, we must insist on the following data mentioned below. In case data should fully or partially be missing, we will not be able to process your registration or parts of it.
